## THE TOOL FOR DARING CREATIVITY!

### X-TAPER BLADE 2.0

#### UNEQUALLED CUTTING PERFORMANCE!

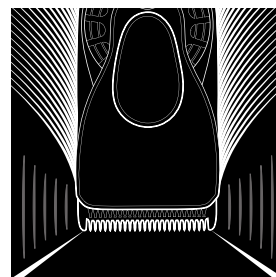

#### JAPANESE BLADE TECH

Japanese blades, sharpened to a 45° cutting angle for the closest cut, with a new DLC (Diamond Like Carbon) coating that conducts less heat for added comfort. A pledge of quality for you and your clientele.

#### A CONSTANT CONTROL LINEAR MOTOR FOR EVEN MORE POWER!

The constant control, 10,000 rpm linear motor assures constant cutting power regardless of the battery charge level or the thickness of the hair.

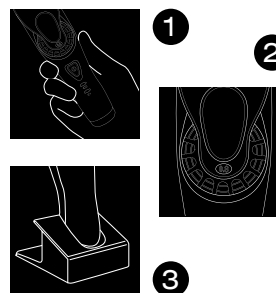

#### THE HIGHEST DEGREE OF ERGONOMICS!

The ultra-light ER-FGP84 is designed to provide maximum comfort combined with cutting pleasure. Quiet sound, a molded shell with a soft anti-slip covering, and feather weight (245 grams), are important advantages to prevent

MSDs (musculoskeletal disorders). The clean design blends with the esthetics of new salons.

- ① Ultra-natural grip for mixing cutting techniques
- ② Ergonomic cutting height dial adjustment: for left- and right-handed stylists
- ③ Ultra-compact charging and storage stand optimizes your workspace

#### LITHIUM-ION BATTERY, QUIET USE AND DURABILITY

Recharge at any time without waiting for the battery to completely discharge. More power and durability over time.

Distribute by TEMA INSTRUMENTS
