MAKE ART

Survey conducted by
EUROMONITOR
INTERNATIONAL

Professional Use: Based on the number of units sold in the professional market for facial hair trimmers in Europe from 2010 to 2017. The award is given to the brand that has sold the most units in this category for 8 consecutive years.

The indispensable tool for creating details with total safety!

ER-RP40

PROFESSIONAL FACIAL HAIR TRIMMER

Flexible 10° pivoting head lets you reach the most delicate areas. The ER-RP40 offers the power you need to shave with precision and total safety.

From 0.12 mm to 7 mm (with 6 cutting heights), its rounded blade edges assure a soft cut.

Upkeep is easy—just wash the head with water.

Works with one LR6 battery for 180 minutes of use
